IRR The SIXGEN Way

- Highly Experienced Engineers
- Detailed and Discrete Response Team
- Pre-negotiated Retainer Agreement
- Fast Response Times
- Packaged with Full Network Assessment
- Proven & Organized Approach
- Limits Damage and Reduces Recovery Time and Cost

SIXGEN's Incident Response Services offer significant advantages over traditional incident response services. By developing a solid understanding of your IT infrastructure up front, SIXGEN can respond to an incident more quickly and begin corrective actions. SIXGEN deploys physical devices that will maintain a persistent presence on your network. These devices allow SIXGEN to rapidly respond to an incident with operators who have immediate access to your network. This minimizes the threat by deploying the quickest, most efficient remediation strategy possible.
